PROTECT YOUR PERSONAL BELONGINGS: BUY RENTER'S INSURANCE!

- As your lease outlines, BHP's insurance **does not** cover residents' personal property in the event of loss or damage from fire, flood, windstorm, burst pipes, theft, vandalism, or similar causes.
- Rental insurance coverage depends on the insurer, but typically renter's insurance covers the loss or damage of personal possessions due to fire, theft, and other circumstances.
- Rental insurance typically costs between \$5.00 and \$30.00 a month. Some car insurance companies offer a discount to current policy holders.
- BHP highly recommends that residents look into rental insurance options and purchase it to protect your personal property.

The providers below offer policies starting between \$7-\$20 a month depending on coverage needs and requested limits. We encourage you to shop around.

How to Submit a Work Order

To make a Maintenance request, please do one of the following:

- Submit a request through RENTCafé if you are signed up to pay rent through the portal; this is the preferred method unless the situation is urgent.
- Email workorder@boulderhousing.org; You will receive an email letting you know when the work has been completed.
- Call (720) 564-4620 to speak with our answering service who will forward your message to the Maintenance Department.
- If you have an urgent maintenance need (see section below) after regular business hours, call (720) 564-4620.

Please note:

- By submitting a work order, you are giving BHP permission to enter your home to complete the work order.
- If you would like to be present when the BHP Maintenance Tech does the work in your home, specify that in your work order, and the Maintenance Tech will call before coming by. If after three attempts to contact you, you do not answer or we are unable to make contact, we will have to cancel the work order and you will need to resubmit it.

How Much Time Will the Work Order Take?

- Depending on the request made and the availability of parts, you can expect a routine (non-urgent) work order to be completed within 5-7 days; some repairs take longer than others.
- For an urgent work order (see below), a Tech will respond to the situation right away. No matter what the work order is,

BHP's dedicated and skilled maintenance technicians will do their best to complete your request as quickly as possible.

What is considered an Urgent Work Order?

An urgent work order is for a situation that could jeopardize the health and safety of the household, such as: fire, bio-hazard situation, broken locks/keys, broken entry door, broken windows, clogged drains, electrical issues, elevator issues, flood, freezer out, no electricity, no heat, no hot water, no water, gas leak, sewer, smoke/fire alarm, frozen pipe, refrigerator out, clogged toilet (if there is only one), water leak, water heater leak. Please call (720) 564-4620 to speak to our answering service.

December 2023

Dear BHP Resident/Housing Choice Participant:

We have great news for you: Your household qualifies for a **FREE, Boulder Parks and Recreation (BPR) facility pass in 2024!**

Current Pass Holders and New Residents simply need to apply online here: [Parks and Recreation Financial Aid Program | City of Boulder \(bouldercolorado.gov\)](#) or visit a recreation center and provide proof of Boulder Housing Partners program participation (lease or other proof of address such as a utility bill; or, if you are a voucher holder, your Notice of Change in Rent). Passes will be valid through December 31st, 2024. Additional members being added to your account may be asked to provide proof of residency.

This pass will give you and the members in your household unlimited access to our three Boulder recreation centers, plus two summer outdoor pools and the Boulder Reservoir for 2024. This special opportunity is made possible by a partnership between Boulder Housing Partners and BPR and is funded by Boulder's Health Equity Fund and the 2016 voter-approved Sugar-Sweetened Beverage Product Distribution Tax, which supports general wellness programs and chronic disease prevention in the city of Boulder.

Our goal is to increase opportunities for your household to be physically active and enjoy:

- Open swim and gym
- Drop-in fitness/yoga classes
- Weight room, racquetball/handball and platform tennis courts
- Fishing and swimming at Boulder Reservoir
- 50% discount on eligible registered classes and camps through BPR (up to \$400 for 2024)

OUR WORLD IS CHANGING.

WE CAN ALL PLAY A ROLE IN CREATING A HEALTHIER WORLD.

The effects of climate change impact our water, air, soil, and food. Did you know that they may also impact our mental, emotional, spiritual, and physical health?

Below are ways you can participate in creating a healthier world, from composting to being involved with your local community to create solutions that benefit us all.

COMPOSTING

Save fruit and vegetable scraps for your garden compost or add them to the compost bin for collection. To find local workshops, resources, and events, visit:

<https://bouldercounty.gov/environment/composting/>

USING AN ELECTRIC BICYCLE

Reduce air pollution, get a workout, save \$\$ and gas! All BHP Residents have access to a free suscription to BCycle. For more information call 303-532-4412 or e-mail boulder.bcycle.com.

REUSING AND REPURPOSING

Reuse disposable utensils, jars and containers. Gift and swap clothes with neighbors and friends, think of creative ways such as DIY crafts to reuse things rather than to the landfill.

BEING MINDFUL OF WATER & USAGE

Use bio-friendly soaps and detergents and do not flush harsh chemicals in water. Utilize only the water you need. Close faucets when not in use during brushing teeth, washing hands, and showering. Use a bowl of water to rinse fruits and veggies and use for plants afterwards.

TAKING ACTION IN YOUR COMMUNITY

Foundations for Leaders Organizing for Water and Sustainability (FLOWS) is a local community led organization. We partner with BHP and the City of Boulder and engage with local communities to learn, participate and find climate solutions together. We care about our communities and our planet. Tips for Navigating Neighbor Conflicts

Conflict is natural but we have a choice on how to react.

Living near other people

It helps to understand that people are different and have different needs and lifestyles. People have different sensitivities to situations that may not be in their control. Your neighbor may have no idea that you can hear them walking the floor above you in the middle of the night, or that when they start their car to go to work in the morning it wakes you from a sound sleep, or that when they spray their yard for insects it triggers your asthma.

Communication

1. Timing is important

Don't react when you're in the heat of the moment. This will escalate the situation. When you are both calm and have some privacy, approach your neighbor with kindness.

2. Share your perspective

Explain what's happening and how it's impacting you. "When I hear the noise, I have trouble sleeping and it makes it really hard to get up early for work in the morning."

3. Listen for Understanding

Be willing to listen—there may be an understandable reason their TV is loud, or they don't put their trash in the dumpster.

Focus on Needs

Underlying most problems are unmet needs. Examples are:

- Safety
- Sleep
- Independence
- Privacy
- Connection

What are your underlying needs in this situation? What might be your neighbor's?

Ask the person “How is this affecting you? What is your goal?” Say you’ve heard them and acknowledge their concerns

4. Brainstorm Solutions

Share your ideas for solutions and invite them to propose solutions. Ask them if there’s something you can do for them. Perhaps there’s a compromise that would work for both of you.

5. Follow up

Changing behavior takes time and might require you to check in with one another. If your neighbor tries to do better but doesn’t always get it right, try to accept the situation as it is. Be understanding of them just as you are asking them to be understanding of you.

Don’t:

- Don’t make assumptions about the other person “You’re just trying to annoy me.”
 - Don’t call them names or make negative accusations “You’re a liar.”
 - Don’t engage in retaliatory behavior.
- 

Seek mediation

Oftentimes a third party can help when neighbors the parties can’t work things out on their own. Mediators are neutral and do not take sides in the dispute. They help parties communicate clearly and effectively so everyone has an opportunity to be heard in a safe and respectful way. The parties then share ideas to solve the problem.

For properties in the City of Boulder, call The City of Boulder Community Mediation and Resolution Center at 303-441-4364 or [submit a request online at https://bit.ly/3OdIchu](https://bit.ly/3OdIchu).

For more information, visit www.bouldercolorado.gov/community-mediation-and-resolution-center

Other help

Sometimes no amount of rational communication and problem-solving works. If you cannot accept the situation as it is, you may be able to involve a third party who has the authority to assess the situation and if they determine that rules or laws are being violated, they can take action to enforce them. This could be an HOA, a property manager, a landlord, or the police.
