RFP Reference	RFP 02-2026 — Microsoft 365 Licensing Optimization and Renewal Services
Document Type	Vendor Pricing Rebid Request
Issue Date	<b>March 23rd, 2026</b>
Response Deadline	<b>April 13<sup>th</sup>, 2026 @5:00pm</b>
Submit To	procurement@boulderhousing.org

## 1. Purpose & Background

Boulder Housing Partners (BHP) issued RFP 02-2026 in early 2026 for Microsoft 365 Licensing Optimization and Renewal Services. Following initial evaluation, BHP identified that proposals were not submitted on a consistent, part number-by-part number basis, making direct cost comparison impossible.

BHP is issuing this RFP 02-2026-001 (Amendment 001) Price Rebid Request — Microsoft 365 Licensing Optimization and Renewal Services to all vendors under active consideration and has been updated on our BHP website for any other vendors that would like to submit under the revised requirements. This document supersedes the original pricing format requirement for cost comparison purposes only. **All other evaluation criteria from RFP 02-2026 remain in effect.**

## 2. Required Term Structures

BHP requires pricing under the following two NCE term structures.

- Annual Commit — Monthly Billing
- Annual Commit — Annual Payment

*\*Month-to-month pricing is not required for this rebid.*

### 3. How to Submit Pricing

- Section 4 lists the SKUs and quantities BHP currently uses as a baseline. Vendors are encouraged to propose alternative bundles or SKU structures if they believe a different approach delivers equivalent functionality.
- All pricing in US Dollars.
- All prices must be Commercial NCE Open Market — **no Nonprofit, Education, or Government pricing.**

### 4. SKU Reference — Part Numbers, Names & Quantities

The table below lists BHP’s current SKUs and quantities as a baseline for pricing. Vendors who wish to propose an alternative bundle or different SKU structure please include written explanation.

**Vendor Note:** Please verify all part numbers against the product descriptions before submitting your response. BHP has made every effort to ensure accuracy, however Microsoft part numbers are subject to change. If you identify a discrepancy between a part number and its description, please use the correct current part number and note the correction in your response.

Microsoft Part Number (Core ID)	Annual Commitment / Paid Monthly (P1Y-M)	Annual Commitment / Paid Annually (P1Y-A)	Product / SKU Name	Qty
<b>A. Core Licensing — Profile A: Office &amp; Admin Staff (113 users)</b>
